

DIAGRAM A

WINDOW/WALL AIR CONDITIONER ENCLOSURE

ENCLOSURE FRAME

Window installation: Enclosure frame to match window trim color.
Wall installation: Enclosure frame to match house exterior wall color.

BRACE

The brace must match the house exterior wall color for window and wall installations.

LATTICE

For window: criss-cross lattice to match house trim color and/or be painted the house exterior wall color.
For wall installation: criss-cross lattice to match the house exterior wall color.

NOTE: The enclosure is not intended to be a substitute for hardware required by the installer for mounting the air conditioner unit. The enclosure is for aesthetic purposes only.
